Mundare School would like to Thank Eileen Spallin for graciously volunteering to start a knitting club at the school. Students from grades one to six were given the opportunity to sign up as club members in January. Due to an overwhelming response (more than 50 students) the students were split into three groups and met with Eileen (Ms. Spallin) in the library during out lunch hour once a week. The children have made fantastic progress and are very proud of their new-found skill! We are very fortunate to have such a wonderful community member and would like Eileen to know how much we appreciate her!
