Carried

Councillor Burghardt joined the meeting at 7:05 p.m.

Delegations (a) Jaggers Automotive

The owners of Jaggers Old School Automotive were present to discuss their proposed development

They would like to know how council feels about their development. If the answer is no, then they will have to determine what they are going to do. If the answer is yes, then they can proceed with planning

- they are looking to purchase property to the East-doubling the size of the lot
- will be a shop for recreational vehicle repair and salvage
- nothing will be stored outside for parts or dismantled or partially salvaged recreational units

There are concerns about the look of the place-if it is a salvage operation

- may be able to allow the development with very strict conditions
- if everything is kept indoors, there should be no problem

Council is in favour of the development in principal.

Adjournment Mayor Saric adjourned the meeting at 8:40 p.m.
