MUNDARE SCHOOL

Principal's Message

We are fully into the swing of the new school year and classes are diving into some really great lessons and meaningful activities that are getting students excited to learn! One of the main things we are focusing on this year is getting back out into our community and connecting with the people and places that make Mundare a great place to be. We have planned a number of field trips out into the town and surrounding area and we have some big events coming up where we are inviting in community members, first responders and of course, our amazing families.

We want to include you, the community, in as many activities as possible this year so you can see all of the amazing things happening here. Please contact us if you have any questions about upcoming events or just want to know more about what we're doing!

**We also have some exciting things in the works this year for students in division 2 and 3, in terms of new programming, geared towards future careers and building skills specifically around technology, agriculture, and work in the trades. Stay tuned for more info on these exciting new offerings!
